

Supplement 2. Schedule of Assessments

ASSESSMENT	ENROLLMENT	WK 1	WK 2 ^c	WK 3 ^c	WK 4 ^c	WK 5 ^c	WK 6 ^c	WK 7 ^c	WK 8 ^c	WK 9 ^c	WK 10 ^c	WK 11 ^c	WK 12 ^c	WK 16 ^c	WK 20 ^c	WK 24	TX CHANGE	WOUND CLOSURE	ANNUAL	COMPLETION/ WITHDRAWAL
Patient History/Demographics^a																				
Age, gender, race, ethnicity, housing stability	x																			
Employment and income information	x								x				x				x			x
Marital and social support status	x				x				x				x				x			x
Language proficiency	x																			
Clinical and Medical History																				
Comprehensive medical history ^b	x																			x
Type of diabetes and year of diagnosis ^b	x																			x
History of previous DFUs ^b	x																			x
Wound Characterization^a																				
DFU location, depth, and measurements ^b	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x		x
Tissue exposed in wound	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x		x
Drainage and exudate	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x		x
Infection status and culture information ^b	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x		x
Wagner grade, Wiffi class, UT class	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x		x
Percent wound closure, recurrence, new onset	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x		x
Treatment^a																				
Primary and secondary dressings	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x		x
Offloading method	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x		x
Advanced care (eg, NPWT, HBOT)	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x		x
Healthcare Resource Utilization																				
Number of ER visits ^b	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x		x
Number of hospitalizations ^b	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x		x
Number of HCP visits ^b	x				x				x				x				x			x
Adverse Events																				
Type, severity, management, outcome	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x	x		x

a) Subsequent assessments will display previous entry and ask to confirm or update
 In addition to site based eCRF completion, this data will also be abstracted automatically from patient linked medical records in the platform and/or claims data when available, including historical reference data for retrospective analysis
 Only collected while wound is active (open)

Abbreviations: DFU: diabetic foot ulcer; ER: emergency room; HCP: health care provider; NPWT: negative pressure wound therapy; Tx: treatment; UT: University of Texas; Wffi: wound, ischemia, foot infection; wk: week(s).
